KEY INSIGHTS:

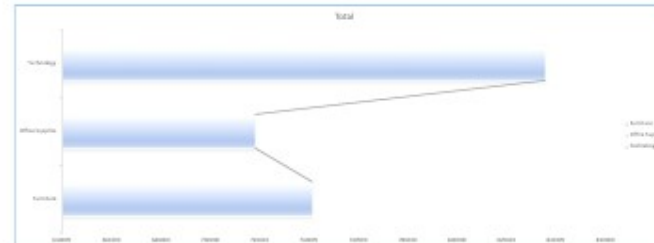

- Profit margin is very low despite high sales
- West region drives most revenue
- Sales depend heavily on one category
- Top customers contribute major share

SALES BY REGION

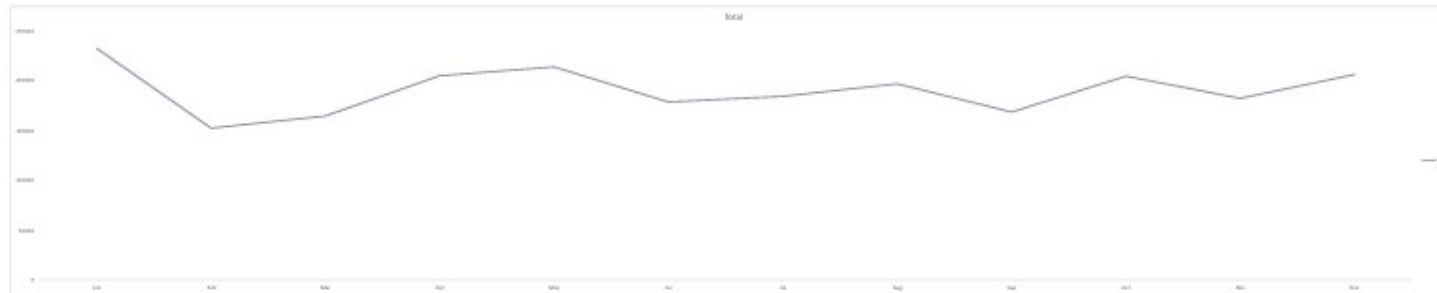

- West region shows the highest sales, while South contributes the least.

SALES BY CATEGORY

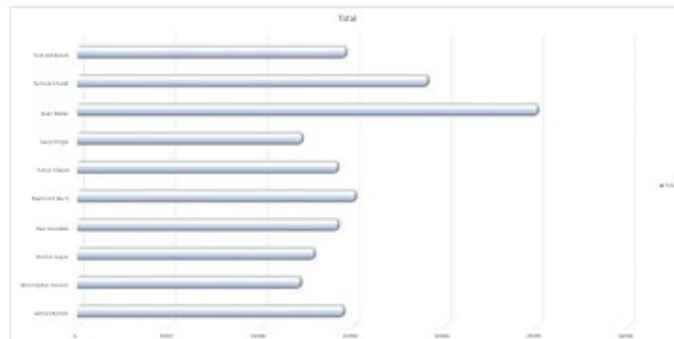

- Sales are heavily concentrated in one category which increases business risk if demand for that category declines.

MONTHLY SALES TREND

- Stable sales with slight fluctuations.

TOP 10 CUSTOMERS BY SALES

- Revenue is driven by a few value-high customers, suggesting a need to balance between retention of key clients and expansion of the customer base.
